## HEPTOL SPLITS IS 'IT.'

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

## Heptol Splits

are for.

DELICIOUSLY PALATABLE,  
GENTLE IN ACTION,  
GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

Closes October 29, 1902.

### WRECK ON SANTA FE.

Engineer and Fireman Killed and Two Other Trainmen Injured.

Ardmore, I. T., Oct. 6.—Two freight trains on the Santa Fe road collided head on near here. Two of the crew were killed and buried under wrecks and five injured. Two persons fatally.

The dead are:

John Conway, engineer, Gainesville, Texas.

J. M. Loftus, fireman, Gainesville, Texas.

Probably fatally injured.

Thomas Vaugh, conductor, Gainesville.

A. E. Harvey, bridge foreman, Pauls Valley, I. T.

### TIRED OF WORK.

Convicts Hack Off Their Fingers to Get Out of Tasks Given Them.

Chester, Ill., Oct. 6.—Rather than perform the heavy work assigned to them, John Reagdon and C. Rose, convicts in the Southern Illinois penitentiary at this place, with rusty hatchet cut off three fingers from the right hand of each, thereby incapacitating themselves from further work. Both men claim to be in poor health.

After they were discovered with their mutilated, bleeding hands, they were sent to the prison surgeon, who bound up their wounds. Then the men were taken out into the prison yard and compelled to stand on a block the remainder of the day.

### Men Captured With Shotguns.

Mount Carmel, Oct. 6.—While a company of infantry was patrolling the Lehigh Coal company's right of way at the colliery here, three men armed with Winchester guns were discovered hiding behind a log close to the engine-house. They were made prisoners. One told Colonel O'Neill of the Sixth regiment they were hunting for birds. The men were released later.

About midmorning a crowd of unknown men hurled rocks at the soldiers' camp. Sentrys fired in the direction of the place the rocks came from. Part of the regiment searched the woods, but found no one. Colonel O'Neill says the troops will shoot to kill, as he will not allow his men to be made targets of.

No new mines have started up here.

### Some Coal Being Masketed.

Reading, Pa., Oct. 6.—During the past week officials of the Philadelphia and Reading Railway company state the company sent to market 16,000 tons of washed and milled coal. The company's officials here claim they have men at work taking out coal at Brookside, Goodsprings, Silverbrook and other collieries in the western portion of Schuylkill county.

### Stone Refuses to Talk.

Harrisburg, Oct. 6.—Governor Stone will neither affirm nor deny the report from Washington that he has been asked by President Roosevelt to call an extra session of the general assembly to settle the coal strike. He still declines to discuss the situation or prospects of the early settlement of the difficulty between operators and miners.

### Discharged Soldiers Unemployed.

London, Oct. 6.—Secretary Broderick and the other war office authorities are puzzled to know what to do for the unemployed reservists and discharged soldiers now returning from South Africa. The demobilization of the army at the Cape is throwing back upon the English labor market thousands of able bodied workers for whom there is no apparent openings. Many of the returned reservists are in distress, and it is only to be expected that there will be a serious diminution in the recruiting figures.

### Earthquake at Guam.

Washington, Oct. 6.—Acting secretary of the navy department, Dardignac, has received a cable message from Rear Admiral Wildes at Cavite, P. I., transmitting a message from Captain Schroeder, naval governor of the island of Guam, who reports a destructive earthquake at Guam on Sept. 22, in which no Americans were injured, but the damage to the naval station is estimated at \$25,000 and damage to the insular public building and bridges at \$22,000.

### Simpson Succeeds Russell.

Austin, Oct. 6.—The governor has appointed R. W. Simpson of Gilmore, Upshur county, district judge of the Seventh judicial district to succeed Judge J. G. Russell, resigned. Judge Simpson was formerly district attorney and was nominated to be district judge. Judge Russell is the Democratic nominee for congress from that district.

### Miraculous Escape.

Corsicana, Tex., Oct. 6.—While returning from Dallas Sunday night, J. H. Carmichael attempted to get off and was thrown under the train. He laid flat in the middle of the track and was unhurt, although six coaches passed over him.

### Sherman Grocery House Suffers.

Sherman, Tex., Oct. 6.—The Joiner and Eubank company's wholesale grocery house was badly damaged by fire here. It is estimated the loss will be forty per cent of the \$60,000 stock.

Earl Craig, a boy aged 11 years, was accidentally killed while playing with a rifle at Salina, Kan.

## ANOTHER CONFERENCE

President Not Given up Hope of Ending Coal Strike.

## APPEAL TO STRIKERS

He May Induce Them to Return to Work, Promising Aid and Influence—Various Suggestions and Rumors Afloat.

Washington, Oct. 6.—In an earnest effort to expedite the adjustment of the coal strike problem, another conference over the situation was held at the White House Sunday and adjourned after three hours of deliberation. No statement was given out as to the conclusions reached and every participant absolutely refused to discuss what had taken place during the meeting.

The conference was called in view of the extraordinary importance to the American people of the speedy solution of the question. Besides the president there were present at the conference Secretary of War Root, Secretary of Navy Moody, Attorney General Knox, Postmaster General Payne and Carroll D. Wright, United States commissioner of labor. The last named was summoned to attend the conference on account of his expert knowledge of the situation in the anthracite coal fields and because of his personal investigation of conditions there which he made some months ago at the instance of the president.

The president in expressing his views at the outset of the conference talked earnestly and showed a deep feeling. His voice at times could be heard down stairs. Several times during the conference Secretary Cortelyou was summoned into the room and directed to prepare certain matters for the consideration of the president and his advisers. This was taken to indicate that some action of one nature or another was about to be consummated. When the conference adjourned a few minutes before 1 o'clock all those who had joined in it declined to talk, and it was impossible to even get a surmise of what was done.

Under the circumstances it is impossible to do more than draw the most general conclusions as to the nature of the proceedings based upon what preceded the meeting. The known facts are that the president has reached the conclusion that he has nothing to expect save refusal from a further appeal to the coal operators and therefore has decided to look for relief from the miners' side.

He feels that he hardly can expect them to make the sacrifice of all their contentions without holding out at least a promise of some return, and the question before him is as to his ability to do this. He can pledge himself to appeal to congress to examine into the justice of the miners' complaints and remedy them so far as lies in the power of the legislative branch, backed by the earnest good will of the executive. Also he can suggest to Governor Stone of Pennsylvania that he cause the Pennsylvania legislature likewise to make an inquiry perhaps hastening the usual methods by calling an extra session. But these pledges would be given only on condition that the men go at once into the mines and mine coal to relieve the situation.

### Ammunition Seized.

Scranton, Pa., Oct. 6.—Just before daybreak Sunday morning a squad of Thirtieth regiment men, stationed near the Grassy Island colliery, came across an Italian striker named Giuseppe Papriello, prowling about the outpost with a shotgun. He fired in the direction in which the soldiers were approaching, afterwards alleging he was shooting at a bird. Colonel Waters had received information that Papriello was receiving arms and ammunition, and Sunday evening a detachment of two companies was sent to his house. The soldiers found there 1200 rounds of cartridges for shotguns. No arms, however, were found. Papriello was turned over to the sheriff.

### Tightening the Lines.

Wilkes-Barre, Oct. 6.—The Washington conference between President Roosevelt, the coal operators and the representatives of the anthracite coal miners workers having been without result, the strike leaders are now engaged in tightening up their lines and preparing themselves to combat any movement by the operators to break the ranks of the strikers.

### Railroad Track Dynamited.

Tamaqua, Pa., Oct. 6.—A section of track on the Silver Creek branch of the Philadelphia and Reading railroad was blown up with dynamite early Sunday.

### Mexican Assassinated.

Gonzales, Tex., Oct. 6.—Joaquin Garcia, a Mexican employee of Guy King, was shot and killed Saturday night about 8:30 o'clock near his home north of town. Garcia's body was not found until Sunday morning when his little boy was sent out to hunt him, and found his father lying

SATURDAY, OCT. 4, 1902.

OBITUARIES AND RESOLUTIONS.

Matter of this class which is not strictly news  
matter in character, whether sent by lodges, so-  
cieties, or individuals, is charged for at two  
cents a line. News matter regarding deaths is  
not charged for and is solicited.

FOR COMMISSIONER

We are authorized to announce  
R. J. DEENS

as a candidate for re-election to the  
office of county commissioner of  
Bryan precinct No. 4, Brazos county,  
at the ensuing November election.

WAGNER & BRANDON'S OPENING.

Weather conditions could not  
have been more favorable than  
they were yesterday for the millen-  
nary opening of Wagner & Bran-  
don, and large crowds of ladies  
were attracted by the display all  
day long. The big dry goods  
house, with every department full  
of new and pretty goods, was deco-  
rated throughout, but the focal  
point of interest was up stairs.

The popular colors this season  
in millinery are blue, green, dah-  
lia shades, shades of red and black  
and white. The trimmings in-  
clude mink and fox skins, ermine  
effects, black plumes on velvets,  
jet and steel ornaments. The shapes  
are exceedingly flat and large hats  
are most popular. Lace Manillas  
are very stylish. While flat shapes  
are all the rage, the styles and  
trimmings are so varied that there  
is not the slightest suggestion of  
monotony in the designs. The  
furs, velvets and colors are rich,  
warm and attractive in the ex-  
treme. The taste and elegance of  
the creations shown this season  
are a revelation of art and artistic  
inspiration surpassing in beauty  
the best displays of recent years.

The opening will continue to-  
day. Miss Anderson is in charge  
of the department, assisted by  
Miss Boales and Miss Dillashaw.

This is For You.

Bryan must take care of the  
people who visit the fair. To do  
this every citizen must do his duty.  
I want every householder in  
Bryan to report to me at once, or  
to Malcolm Carnes of the Eagle, or  
J. M. Hare at Norwood's, the num-  
ber they can lodge, or furnish both  
lodging and meals during the fair,  
and the price per day. Also the  
price of single meals, and of rooms  
for one night. A. J. Buchanan,  
265 Cham. Public Comfort Com.

make necessary arrangements. All  
members will attend in full khaki  
uniform and bring all equipments.  
All employers, whose employees  
are members of the company are  
respectfully requested to allow  
their men to attend.

Geo. W. Winter, Captain

### GOLDEN JUBILEE.

At the Celebration Rev. Farley Receives  
His Appointment as Archbishop.

New York, Oct. 6.—The golden jubilee  
of the Holy Cross church was cele-  
brated Sunday, the service being cele-  
brated by the Most Rev. John Farley,  
D.D., and the Rt. Rev. Mgr. Jos. F.  
Mooney, vicar general. Over 100  
priests from this diocese and from all  
sections of the country were in attend-  
ance.

After the ceremony Father P. J.  
Hays handed a sealed packet which  
had been sent through the mail by  
special delivery to Bishop Farley. It  
contained the bulls which were re-  
ceived Saturday from the pope by the  
apostolic delegation in Washington.

The documents officially notified  
Bishop Farley of his selection as arch-  
bishop. Bishop Farley will receive the  
pallium within the next three weeks.  
The next day after it is received the  
pallium within the next three weeks.  
The next day after it is received the  
ceremony which will proclaim him  
archbishop will be performed.

### Another Golden Jubilee.

Louisville, Oct. 6.—Twenty thousand  
persons gathered in the vicinity of the  
cathedral of the Assumption here Sun-  
day afternoon to witness a parade com-  
posed of five thousand Catholics in hon-  
or of the first day's celebration of the  
golden jubilee of the Rt. Rev. Wm.  
McCloskey, bishop of the diocese of  
Louisville. The procession was re-  
viewed by the clergymen of Louisville  
and a number of city officials. Cele-  
bration will last three days.

### Attempt to Lynch Fall.

Lincolnton, N. C., Oct. 6.—A mob  
of men Sunday afternoon gained ad-  
mittance to the jail here and attempted  
to secure Calvin Elliott, a negro,  
charged with having criminally as-  
saulted a white woman near this place,  
but failed to batter down the doors to  
the cell in which Elliott was confined.  
Troops will protect the prisoner.

## OLD VETERANS MEET

Thousands of Soldiers Attending  
the Grand Encampment.

## DAY OF AMUSEMENT

The Capital Is Gaily Decorated for the  
Occasion and a Magnificent Au-  
tomobile Parade the Opening  
Feature of the Day.

Washington, Oct. 6.—Men who fought  
on the northern side in the great con-  
flict that raged from 1861 to 1865 are  
guests of the capital of the nation.  
They came by thousands to participate  
in the thirty-sixth encampment of the  
Grand Army of the Republic, the open-  
ing conferences of which occurred  
this morning and were greeted by  
bright skies, a beautifully decorated  
city and a hospitable people. Visitors  
already are counted by ten thousands,  
and trains are arriving hourly with  
loads of human freight to be added to  
the throng. A noticeable feature is  
the presence of a great many young  
folks among the out of town people.  
The city with its lavish decorations  
never looked more attractive. There  
scarcely is a building on the principal  
streets not festooned with national  
colors, and many of the stands and ve-  
hicles on the streets are similarly  
decorated, and everything is in ample  
order for the veterans.

The program for the first day in-  
cluded an auto parade, regatta upon  
the Potomac, dedication of Camp  
Roosevelt, a monster camp fire at Con-  
vention hall and a grand display of  
fireworks at night.

The chief event of the day was the  
automobile parade, in which many  
handsomely decorated vehicles par-  
ticipated. The start was made at 10  
o'clock from Scott Circle and the line  
extended for many blocks, headed by  
large automobiles containing the band.  
The procession moved slowly down  
town and those in the more attractive-  
ly decorated machines were applauded  
by the throngs which had gathered  
along the sidewalks. After passing  
through the principal streets the pa-  
rade was reviewed by several cabinet  
officers and a number of invited guests  
from the judge's stand erected near  
the White House.

The George K. Cook fife and drum  
corps of Denver, Col., one of the most  
famous organizations of its kind in the  
country, has arrived. The band, accom-  
panied by its founder, General George W. Cook, who was a drummer  
boy in the Civil war, serenaded the  
president at the temporary White  
House, and played at the postoffice de-  
partment, and the postmaster general  
and Assistant Postmaster General  
Schallenger gave an informal recep-  
tion to the bandmen.

Tomorrow the naval parade will  
take up the morning while the after-  
noon and evening is to be devoted to  
receptions and reunions.

On Wednesday will occur the big  
parades of the Grand Army of the Re-  
public while in the evening a number of  
receptions will be held.

Thursday, Friday and Saturday will  
take place the meetings of the national  
encampment and the various auxil-  
iary bodies and also reunions and re-  
ceptions.

### Union Veteran League.

Chicago, Oct. 6.—The seventeenth  
national encampment of the Union  
Veteran legion will be held in Chica-  
go this week. At the Sherman House  
the headquarters of the legion has  
been opened by Gen. J. Edwin Browne,  
national commander and staff.

### NO CARS RUN.

Mayor of New Orleans Withdraws His  
Ultimatum to Avoid Trouble.

New Orleans, Oct. 6.—New Orleans  
citizens continue to walk or ride on  
ranch wagons from place to place.  
There has been no change in the strike  
situation. The order of the mayor to  
the company to run cars at 9 o'clock  
this morning, which was recalled,  
doubtless to prevent violence, and  
which gave the public reason to hope  
a truce and resumption of traffic were  
in sight, caused much comment.

The chief of police, who had issued  
orders to his entire force to hold them-  
selves in readiness to protect the cars  
of the company, said the withdrawal  
of the mayor's order was entirely put-  
tified by the conditions which had de-  
veloped after it was sent.

Reports of the cutting of street  
railway and telephone wires are nu-  
merous. It was reported that the  
Street Railway company, as a measure of  
protection, would make some move  
in the United States courts. President  
Pearson says that if a receiver is ap-  
pointed the property will be wrecked.

### Strike on the White House.

New York, Oct. 6.—Whether the new  
carvings in the White House in Wash-  
ington shall be made by hand or ma-  
chinery has led to a strike here. A  
firm in this city received the contract  
for much of the woodwork to be used  
in the remodelling of the White House  
now in progress. In the carvings, both  
men and machines are used, the men  
for the better grades of work. Mem-  
bers of the Wood Carvers' and Mould-  
ers' union say the firm is going to turn  
out the bulk of the White House carv-  
ing by machine, and resolved to  
strike. An appeal will be made to the  
president.

### Dr. Brady Operated Upon.

New York, Oct. 6.—Forced to aban-  
don all literary work during the sum-  
mer because of continued illness, Dr.  
Cyrus Townsend Brady, the author,  
has undergone an operation at his  
home in this city. The surgeons who  
did not disclose the nature of the  
operation announced that it was a  
complete success.

### LYNCHED AT EAGLE LAKE

Negro Taken from Jail and Hanged Before Troops Arrived.

Columbus, Tex., Oct. 6.—The La Grange Light Guard, who were ordered here by the governor and who arrived too late Saturday night to prevent the execution of the negro, Duncan, charged with criminal assault, returned home by special train.

The body of the negro charged with attempted outrage, which was left dangling from the limb of a tree, on request of residents of that vicinity, was cut down by the county judge and prepared for burial in potter's field.

The damage to the jail resulting from the determined efforts of the executors was not very great. The citizens of Eagle Lake before returning home left orders that the damage be repaired and the bill sent to them.

While being led to the place of execution Duncan gave the names of two negroes whom he charged with complicity in the crime. A record of the statement was made and will be preserved for future investigation.

The execution was conducted very orderly and with no attempt to make the affair sensational. It was participated in by some of the best citizens of Eagle Lake and Columbus and no attempt was made to disguise the members taking part in the hanging.

### FUNERAL OF ZOLA.

Remains Were Laid to Rest With Simple Ceremonies in Paris.

Paris, Oct. 6.—The remains of Emile Zola were laid to rest Sunday with simple but impressive ceremonies. It was such a funeral as Zola himself wished, without pomp but with the serried ranks of thousands of workingmen, many accompanied by their wives, sorrowfully marching behind his coffin. Municipal guards, mounted and on foot, lined the route, but except for a company of infantry which rendered military honors to the body as it was carried from the house to the hearse, they were as guardians of order and not as participants in the ceremony.

Former Captain Dreyfus marched in the funeral cortège, according to the authority of prefect of police, but he passed completely unnoticed by the crowd. A little distance behind him came Mme. Dreyfus, accompanied by her father. Dreyfus sent a handsome wreath which was placed beside the coffin.

### Wreck on International.

Navasota, Tex., Oct. 6.—The wreck which occurred on the International and Great Northern in the southern portion of this city Friday afternoon completely blocked traffic on the road between this city and Houston since the wreck. The engine and tender are still in the ditch, although a large crew has been trying to raise them since Friday night. That roadbed is so soft in this place that it gives way under the weight of the engine. A trestle work has been constructed around the wreck and traffic was resumed Sunday night.

### Army Expenditures.

Washington, Oct. 6.—According to the annual report of the paymaster general, army expenditures decreased during the past fiscal year \$918,919 as compared with the preceding year, partly owing to decrease in the pay of the army and in part owing to a reduction of claims for extra pay by volunteers. The total expenditures of Paymaster General Bates were \$52,523,479. The paymaster general's report contains a strong plea for the establishment of a retired list for government clerks with a small monthly sum.

### Spanish War Expenses.

Washington, Oct. 6.—A financial statement shows the total approximate cost of the war with Spain on account of pay and extra pay to volunteers and regulars and mileage to officers was \$73,668,440. General Bates notes that every cent of money disbursed through his department from the date of the outbreak of the Spanish war has been satisfactorily accounted for and that the government has not lost one cent through defalcation, captures by the enemy, robbery or any other cause.

### Snow in the Panhandle.

Dumas, Tex., Oct. 6.—After showering all Friday it began raining slowly at sundown and continued until 7 o'clock, when it began to snowing very thickly and continued about two hours. It melted as it fell. The rain was accompanied by a brisk north wind, which is still blowing, with indications of more rain.

### Prominent St. Louis Physician.

St. Louis, Oct. 6.—Dr. E. L. Standlee, former dean of the American Medical college, a member of the state board of health, president of the National and the St. Louis Medical associations, and one of the founders of the new John King hospital, now in the course of erection, is dead, aged forty years.

### Thrown from a Horse.

Sonor, Tex., Oct. 6.—Leon Barfield, a young man of this place, son of Coleman Barfield, was thrown from a horse on the Whitehead ranch about thirty miles south of here and received injuries from which he died. He never recovered consciousness after the accident.

### Died from Snake Bite.

Medina, Tex., Oct. 6.—Sylvester Walker, an old man, was bitten by a rattlesnake eight miles from here on the Center Point road Sunday and died from the effects of it a few hours afterward. He was a comparative stranger and was buried near where he died.

### Killed by a Train.

Oklahoma City, Okla., Oct. 6.—Wm. Osgood, a prominent farmer residing in Cleveland county, was run over and instantly killed by a Santa Fe freight train.

### ENGLISH COAL MARKET.

Orders from the United States Large and Causing Prices to Advance.

London, Oct. 6.—The continuance of the coal strike in the United States has given a fillip to the market here and it is now believed the demand will not be a mere flash in the pan, but will last at least over the present month. Further considerable purchase of coal are reported at all large exporting points, and quite a number of vessels have been fixed to load cargoes for American ports at Cardiff, Swansea, New Castle, Liverpool and Glasgow.

It is reported that several Elder-Dempster steamers have been ordered to the Tyne to load full cargoes of coal for New York and Boston, in addition to numerous vessels which within the last few days have been chartered on the New Castle market.

This unprecedented export of coal to the United States naturally has the effect of raising prices on the London market, and with the continuation of the strike prices are bound to go materially higher.

### BOXERS AGAIN RISING.

They Are Causing Alarm in Two Provinces in China.

Victoria, B. C., Oct. 6.—Advices have been received from China of the increase of boxerism both in Sze Chuen and Chi Li. In Sze Chuen the boxers, 10,000 strong, attacked Cheng Tu, the provincial capital, and there were some sanguinary fights in the streets. The boxers were held in check by imperial forces and, as reinforcements were coming for the garrison, the boxers fled from Cheng Tu and encamped at Shippantan, where earth works had been thrown up.

The boxers of Sze Chuen are led by a woman, Liao Kuan Yin, who is alleged to be one of the three sisters who were arrested at Tien Tsin during the rebellion of 1900. It is being said that they were "the Boxer Goddesses." Letters from Prince Tuan, Yung Lu and other boxer leaders were found in their possession. This woman, who is described by Chinese papers as being handsome, has attracted 10,000 boxers to her standard.

It is estimated that 1500 native Christians have been killed in this province.

### STEAMER SEIZED.

American Schooner Captured Off Cuba and Taken to Havana.

Havana, Oct. 6.—One of Cuba's tiny revenue cutters, the Abejorro, has towed into this port the American schooner Champion of Key West, Fla., which was captured at Los Arroyos in the western end of the island.

The Champion had been out thirty-five days, bound for Batabano, not more than a week's voyage distant, and when captured had only covered half the distance. It is believed a cargo was securely landed at Arroyos.

Aboard the vessel is said to have been found tackle for catching turtle and a large quantity of dynamite which was to have been used to destroy two large wrecked vessels near Arroyos. These would have yielded a large return of brass and copper.

The captured vessel is manned by negroes from Nassau, all of whom are now under guard on their vessel at the arsenal in this city.

### Revolt Over Educational Bill.

London, Oct. 6.—Revolt among the supporters of the government against the educational bill is spreading and becoming more pronounced. Almost every day during the last week the newspapers contained convincing evidence of this fact. Four or five Conservatives, who are also Churchmen, have openly declared themselves hostile to the bill in its present form. But the political situation is made still more interesting by the determined stand against the measure by the Liberal Unionists of Birmingham.

### Business in Bogota Paralyzed.

Kingston, Oct. 6.—Business is almost paralyzed in Bogota. Dr. Carlos Marlinex de Silva, former minister to the United States, his brother, Louis, Jerome Don Francisco Gutierrez, Gen. Moya Vasquez and other Conservatives are still imprisoned by the minister of war, Gen. Fernandez, who is declared to be acting dictatorially. President Marroquin evidently is powerless to control him.

### Jury Could Not Agree.

Fort Worth, Tex., Oct. 6.—The jury in the Tom Kilgore murder case, after being out since last Friday night, could not agree and was discharged in the Seventeenth district court Sunday afternoon by District Judge Mike E. Smith.

### Storm in Death Valley.

Los Angeles, Cal., Oct. 6.—Advices from Ballart, Mingo county, the point from which Death Valley expeditions are outfitted, tell of a terrific wind and rain storm that swept over that region doing great damage to property and injuring many persons.

### Pullman Car Chained.

Cripple Creek, Col., Oct. 6.—Sheriff Henry Robertson levied on a Pullman car here for taxes which the Pullman company had neglected to pay and in order to prevent the removal of the car had chained it to the track.

### Kit Carson's Daughter Dead.

East Las Vegas, N. M., Oct. 6.—Mrs. Josie Carson Squires, better known as Josie Carson, daughter of Kit Carson, the noted scout and Indian fighter, is dead at the Territory Insane asylum. She was admitted from Raton in 1888.

### Columbia University Opening.

New York, Oct. 6.—With over 5000 students and a teaching staff of nearly 500, Columbia university will open tomorrow for its one hundred and forty-ninth academic year.
